### HOW TO PRINT

Easy peasy and affordable! Our PDF file is set up as a 36x48" jumbo poster (but can also be printed as a 12x16" or 24x32" poster) and can be printed at a local Staples (or another local printer like an Alphagraphics) on a large format black and white printer. This is often called an "engineering print". Just transfer your files onto a jump drive and take over to the print shop or you can often upload online. In our personal experience, a 36x48" black and white engineering print from Staples is less than \$10.

If the printer asks you for copyright release for this professional artwork:
