

free printable! LOVE EVERY MOMENT CALENDAR

OH HELLO!

Every year is an awesome year with our giant personalizable calendar! We designed this free poster to help you and your family keep track of important dates and count down to fun things planned in the future. Bring this file to your favourite local printer, personalize it with crayons, markers, paint—whatever you like—and then tape it up to track your year with your entire family!

HOW TO PRINT:

Easy, peasy and affordable! Our PDF file is set up as a 36x48” jumbo poster (but it can be easily scaled by your printer to a variety of sizes to fit your needs (12x16” or 24x32” for example) and can be printed by most any local print shop such as Staples, Kinko’s or Alphagraphics on a large-format black and white printer. This is often called an “engineering print”, so you know what to ask for. Simply transfer the PDF onto a jumpdrive/USB stick and take it over to your printer, or, optionally, send it out to them via online upload! In our experience, a 36x48” black and white engineering print from Staples runs around, if not less than, \$10.

If your printer requests a copyright release prior to printing this professional artwork, it is as follows:
